Dear Sakyong Mipham Rinpoche,

I am very sorry that I am unable to participate in the upcoming ceremony and empowerment for the Sakyong Wangmo as we had planned. Since my health has been quite poor recently, I have been advised to cancel all my travel and planned engagements for the next several months. I hope that this period of rest and recuperation will allow me to recover fully and resume my normal scheduled activities in the near future.

Please convey my sincere regret to all members of the Shambhala sangha. As my health returns to normal, I will welcome the opportunity to visit you to conduct the Sakyong Wangmo ceremony and empowerment in the upcoming year. As the Daughter of Namkha Drimed Rinpoche, Semo Tseyang Palmo comes from a long lineage of spiritual Masters. She has many excellent qualities and will be a strong support, as the Sakyong Wangmo, for the Dharma activities of Sakyong Mipham Rinpoche.

It will be a great pleasure to meet with you again and assemble with Sangha members for prayers and other Dharma activities. I am grateful for your understanding given the current circumstances. I urge you to care for your sangha well and pray for the success of your Dharma activities.

*With prayers for your long life
Paltrul Pema Norbu Rinpoche*
